MEDICAL RECORD REVIEW**

Dear DSRIP Partner:

This is a notice that your organization may be contacted in the near future to participate in an annual Medical Record Review, as part of the Delivery System Reform Incentive Payment (DSRIP) program. Cotiviti, a medical record collection and abstraction vendor, will once again conduct this review on behalf of the New York Department of Health (DOH).

Cotiviti will begin to contact providers in **November, 2019, via fax.** The process concludes **March, 2020.** The following measures will be included in this collection effort:

- Controlling Blood Pressure
- Timeliness of Prenatal Care
- Postpartum Follow-Up
- Childhood Immunization Status
- Lead Screening in Children
- Screening for Clinical Depression

Collecting this data is essential to quality improvement and is tied to future performance reporting. Revenue from this program is reinvested to support system integration and healthcare improvements for Medicaid beneficiaries throughout the region. Your commitment to this process and fulfillment of all requirements in a timely manner is greatly appreciated.

Thank you for your participation in this important program. Please feel free to contact me if you have any questions or concerns.

Sincerely,
